Summary

I am a dedicated and curious individual with a strong passion for learning and applying my skills in various fields. Currently pursuing my studies, I have gained experience in both academic projects and practical applications, working on innovative solutions and participating in competitions.

I enjoy exploring technology, including web development, robotics, and engineering concepts. My aim is to continue growing my knowledge and to take on new challenges that allow me to make a meaningful impact.

Experience

Dr B R Ambedkar National Institute of Technology, Jalandhar
5 months

Frontend Web Developer
September 2024 - Present (4 months)

| XCEED |

Currently working on developing a prototype platform for diabetic patients, aimed at improving healthcare outcomes. This project will be showcased to PGI Chandigarh for potential real-world application. Collaborating with a team of frontend and backend developers to build a socially impactful solution using the MERN stack, with a focus on delivering high-quality user experiences and functionality.

Maintenance joint secretary
August 2024 - Present (5 months)

As the Maintenance Joint Secretary of Mega Boys Hostel F Block at NITJ, I am responsible for coordinating and overseeing the maintenance and repair activities within the hostel. This includes managing service requests, ensuring a clean and safe living environment, and collaborating with the hostel management to implement improvement initiatives. I also facilitate communication between residents and maintenance staff, helping to

resolve issues promptly and efficiently. My role has honed my leadership, organizational, and problem-solving skills, while fostering a supportive community among residents.

The Industrial Engineers Society (TIES), NIT Jalandhar
Joint Secretary - Industrial Engineering
August 2024 - Present (5 months)
Jalandhar, Punjab, India

Elected as the Joint Secretary of the Industrial Engineering division of TIES at NIT Jalandhar, contributing to the advancement of students in the field of Industrial and Production Engineering.

Collaborating with fellow Joint Secretaries and Secretaries to organize departmental activities, workshops, and events.

Supporting initiatives aimed at developing technical and managerial skills for students.

Assisting in coordinating society events and helping manage communication between students and the department.

Working with the leadership team, including the President, Vice Presidents, and Treasurer, to ensure smooth operations of the society.
